Introduction

PURPOSE OF THE SYSTEM

The system was develop to help Barangay Nutrition Schoolar (BNS) workers to manage their collected and stored nutrition data, so that users can perform daily task quickly and reliably.

WHO CAN USE IT?

The system's users are the admin and barangay nutrition schollar (BNS) worker. Each of them has a deffirent roles that they have act with. The admin who will monitor the user and manage reports generation then the user will input the data into the sytem

BASIC FEARURES

System Features

Follow these steps to explore all features of the Santa Cruz Barangay Nutrition System:

1. **Create Account:** Register as a new user by providing your details like name, email, and password.
2. **Login:** Access the system by logging in with your registered credentials.
3. **Dashboard:** View an overview of key metrics, including child counts, malnutrition statuses, and recent activities.
4. **Manage Children:** Add new child records, edit existing ones, view profiles, and track growth metrics like BMI and weight.
5. **Manage Guardians:** Register guardians, update their information, and link them to children for notifications.
6. **Record Attendances:** Mark child attendances for monthly programs, including vitamin supplements and weighing sessions.
7. **OPT Forms:** Fill out Operation Timbang (OPT) forms for children identified with malnutrition, tracking interventions.
8. **Manage Pregnant Women:** Register and monitor pregnant women in the community for nutritional support.
9. **Generate Reports:** Create monthly reports on attendances and classifications, or yearly summaries for trends.
10. **Notifications:** Send SMS alerts to guardians about child health status and program schedules.
11. **Profile Management:** Update your personal information, change password, and manage account settings.
12. **Admin Features:** If you have admin access, manage users, view system logs, and oversee all data.

Getting Started

System Requirements

The system requires a stable internet connection and a device such as a computer or mobile phone to function properly.

Logging In & Logging Out

Users can log in by entering their registered email and password, and they can log out by clicking the profile icon at the top-right corner and selecting the logout option.

Follow the steps below for login-in:

- Open browser and go to:
<https://staging.bns-santacruz.com/login>
- Enter your username and password.
- Click Login.

Logging Out:

- Click your profile icon (top-right)
→ Logout.

Basic Navigation

Basic navigation is simple, with the sidebar displaying the main modules such as Dashboard, Data Entry, Reports, and Settings, while the top bar provides access to quick actions and notifications.

- Sidebar: main modules (Dashboard, Data Entry, Reports, Settings)
- Top bar: quick actions and notifications

User Accounts

TYPES OF USERS

- Administrator: full access, manage users, notifications and settings
- Data Entry: create and edit records
- Viewer: read-only access to data and reports
- BNS (Barangay Nutrition Scholar): limited data entry for assigned area.

The system has different types of users, including the administrator who has full access and can manage users, notifications, and settings. the data entry user who can create and edit records; the viewer who has read-only access to data and reports; and the Barangay Nutrition Scholar (BNS) worker who has limited data entry permissions for their assigned area.

CREATING AN ACCOUNT

To create an account, the user must go to the Home Page, select “Create Account,” fill in the required fields such as full name, username, email address, and password, then click Create.

Steps:

1. Go to Home Page → Create Account
2. Fill required fields: Full name, Username, Email Address, and Passwords
3. Click Create.

CHANGING PASSWORDS

Changing a password on the web is done by going to Profile, opening Account Settings selecting Update Password, entering the current password along with the new password and its confirmation, and saving the update. But in the mobile look at the bottom right side click the Setting icon then it show the account setting. Proceed to edit profile then change the name or password in the created account.

The system requires passwords to have at least eight characters, including one uppercase letter, one lowercase letter, one number, and the “@” symbol.

Steps:

Admin: Profile → Account Setting → Update Password → enter current password, new password, confirm → Save.

User: Settings → Edit profile → Edit Full Name and Password.

Password rules: minimum 8 characters, at least one uppercase, lowercase, number and the @ symbol

Reports

GENERATING REPORTS

To generate reports, the user must go to the Reports module, select the report type, choose the desired summary format such as by zone, date, month, or year, and then click PDF or Print to produce the report. Exporting or printing is done through the available options clicking PDF will download the file, which the user can open, while clicking Print will generate the report and open the browser's print dialog for printing.

Steps:

- Go to Reports → Select Report Type.
- Choose Summary Report (zone, date, month, year).
- Click PDF or Print to generate the types of report.

EXPORTING OR PRINTING

- Export options: PDF or Print.
- Click PDF and open the downloaded pdf file .
- For printing, generate or click the Print and use the browser's print dialog.

Data Rules

WHAT DATA TO ENTER

Users must enter accurate names, dates, and IDs exactly as shown in official documents and use the proper fields for addresses, phone numbers, and contact persons.

Guide:

- Enter accurate names, dates, IDs as issued by official documents.
- Use designated fields for address, phone, and contact persons.

FORMATTING GUIDELINES

All data must follow the required formatting guidelines, such as using the YYYY-MM-DD format for dates, using +63-9xx-xxx-xxxx or the instructed local format for phone numbers, and writing names as First Name, Middle Initial, and Last Name.

Sample:

- Dates: YYYY-MM-DD (e.g., 2025-12-01)
- Phone numbers: +63-9xx-xxx-xxxx (or local format as instructed)
- Names: First Name, Middle InitialLast Name

AVOIDING COMMON ERRORS

To avoid common errors, users should not leave required fields blank, should avoid entering letters in numeric fields such as contact numbers, zones, birthdates, and ages, and must ensure that copied and pasted information does not contain extra spaces. Incorrect data may lead to inaccurate reports, so users should always double-check important fields before submitting.

Tips:

- Do not leave required fields blank.
- Do not enter letters in numeric fields (contact no., zones, birthdate, age and etc).
- When copying/pasting, ensure there are no extra spaces.
- Warning: Incorrect data may cause reports to be inaccurate. Double-check critical fields.

Troubleshooting

COMMON ERRORS & FIXES

Common issues can be fixed easily by following simple steps: if you cannot log in, check your username and password or reset your password if needed; if you encounter form validation errors, review the highlighted fields and follow the message prompts; if the system loads slowly, check your internet connection or try clearing your browser cache; and if exporting fails, make sure pop-ups are allowed and that you have the proper permissions.

Guide:

- Cannot login: Check username/password, reset password if forgotten.
- Form validation errors: Review highlighted fields and follow message prompts.
- Slow loading: Check internet connection, try clearing browser cache.
- Export fails: Ensure pop-ups are allowed and that you have permissions.

Safety & Security

PASSWORD SAFETY

Users should keep their accounts secure by never writing down passwords in visible places and by using strong, unique passwords that are changed regularly. Basic data privacy must always be observed by protecting personal information and avoiding unauthorized access to any records in the system.

Tips:

- Never write down passwords in visible places.
- Use strong, unique passwords. Change periodically.

BASIC DATA PRIVACY

- Never write down passwords in visible places.
- Use strong, unique passwords. Change periodically.

Basic Maintenance

To ensure smooth system performance, users should clear their browser cache if the interface behaves unexpectedly and keep their browser updated. For system updates or upgrades, the admin will schedule maintenance periods and notify users ahead of time. The admin is also responsible for weekly database backups, monthly audit log reviews, and updating the user list and permissions whenever needed.

Tips:

- Clear browser cache if UI behaves unexpectedly.
- Keep browser updated.
- For system updates/upgrades: Admin will schedule maintenance windows and inform users.

ADMIN TASK LIST:

- Backup database weekly
 - Review audit logs monthly
 - Update user list and permissions as needed
-

About Us

Meet the Team

Malnutrition Profiling and Monitoring System

Our Mission
Our mission is to fight malnutrition by improving the way communities monitor and address nutrition-related concerns. We aim to provide reliable tools and accurate data for tracking children's and pregnant women's health conditions. Along with this, we promote proper nutrition practices, strengthen the role of Barangay Nutrition Scholars (BNS), and empower families with the knowledge they need to support better health and well-being.

Our Vision
We envision a healthier community free from malnutrition, where every child grows strong, every mother receives proper care, and every family has access to the right nutrition. By

LAYUNIN NG SISTEMA

Ang sistemang ito ay binuo upang tulungan ang mga manggagawa ng Barangay Nutrition Scholar (BNS) na pamahalaan ang kanilang nakolekta at nakaimbak na datos sa nutrisyon, upang ang mga gumagamit ay mabilis at maaasahang makagawa ng kanilang pang-araw-araw na gawain.

SINO ANG MAAARING GUMAMIT NITO?

Ang mga gumagamit ng sistema ay ang admin at ang barangay nutrition scholar (BNS) worker. Bawat isa sa kanila ay may iba't ibang papel na gagampanan. Ang admin ang magbabantay sa user at mamamahala sa pagbuo ng mga ulat, pagkatapos ay ipapasok ng user ang data sa sistema.

PANGUNAHING TAMPOK

Demonstrasyon ng mga Tampok ng Sistema

Sundin ang mga hakbang na ito upang galugarin ang lahat ng tampok ng Santa Cruz Barangay Nutrition System:

1. Gumawa ng Account: Magrehistro bilang bagong user sa pamamagitan ng pagbibigay ng iyong mga detalye tulad ng pangalan, email, at password.
2. Mag-login: I-access ang sistema sa pamamagitan ng pag-log in gamit ang iyong nakarehistrong mga kredensyal.
3. Dashboard: Tingnan ang pangkalahatang-ideya ng mga pangunahing sukatan, kabilang ang bilang ng mga bata, katayuan ng malnutrisyon, at mga kamakailang aktibidad.
4. Pamahalaan ang mga Bata: Magdagdag ng mga bagong talaan ng bata, i-edit ang mga kasalukuyang talaan, tingnan ang mga profile, at subaybayan ang mga sukatan ng paglaki tulad ng BMI at timbang.
5. Pamahalaan ang mga Tagapangalaga: Irehistro ang mga tagapangalaga, i-update ang kanilang impormasyon, at i-link sila sa mga bata para sa mga abiso.
6. Itala ang mga Dumalo: Markahan ang pagdalo ng mga bata sa mga buwanang programa, kabilang ang mga suplementong bitamina at timbangang sesyon.
7. Mga Form ng OPT: Punan ang mga form ng Operation Timbang (OPT) para sa mga batang may malnutrisyon, para masubaybayan ang mga interbensyon.
8. Pamahalaan ang mga Buntis: Irehistro at subaybayan ang mga buntis sa komunidad para sa suportang pangnutrisyon.
9. Bumuo ng mga Ulat: Gumawa ng buwanang ulat tungkol sa mga dumalo at klasipikasyon, o taunang buod para sa mga trend.
10. Mga Abiso: Magpadala ng mga alertong SMS sa mga tagapag-alaga tungkol sa katayuan ng kalusugan ng bata at mga iskedyul ng programa.
11. Pamamahala sa Profile: I-update ang iyong personal na impormasyon, baguhin ang password, at pamahalaan ang mga setting ng account.
12. Mga Tampok ng Admin: Kung mayroon kang access bilang admin, pamahalaan ang mga user, tingnan ang mga log ng system, at pangasiwaan ang lahat ng data.

Mga Kinakailangan ng Sistema

Nangangailangan ang sistema ng matatag na koneksyon sa internet at isang aparato tulad ng kompyuter o mobile phone upang gumana nang maayos.

Pag-login at Pag-logout

Maaaring mag-login ang mga gumagamit sa pamamagitan ng paglalagay ng kanilang nakarehistrong email at password, at makakapag-logout sila sa pamamagitan ng pag-click sa icon ng profile sa kanang-itaas na sulok at pagpili ng opsyong logout.

Sundin ang mga hakbang sa ibaba para mag-login:

1. Buksan ang browser at pumunta sa: <https://staging.bns-santacruz.com/login>
2. Ilagay ang iyong username at password. I-click ang Login.

Pag-logout:

- I-click ang iyong profile icon (itaas-kanan) → Logout.

Pangunahing Navigasyon

Madali ang pangunahing navigasyon; ipinapakita ng sidebar ang mga pangunahing module tulad ng Dashboard, Data Entry, Reports, at Settings, habang nagbibigay naman ang top bar ng access sa mga quick action at notifications. Sidebar: pangunahing mga module (Dashboard, Data Entry, Reports, Settings) Top bar: quick actions at notifications

Mga Account na Gumagamit

MGA URI NG GUMAGAMIT

- Administrator: may buong access, namamahala sa mga gumagamit, mga notipikasyon at mga setting
- Data Entry: gumagawa at nag-eedit ng mga rekord
- Viewer: may access lamang sa pagbasa ng mga datos at ulat
- BNS (Barangay Nutrition Scholar): may limitadong kakayahan sa pagpasok ng datos para sa itinalagang lugar.

Ang sistema ay may iba't ibang uri ng gumagamit, kabilang ang administrator na may buong access at maaaring mamahala ng mga gumagamit, notipikasyon, at mga setting; ang data entry na gumagamit na maaaring gumawa at mag-edit ng mga rekord; ang viewer na may access lamang sa pagbabasa ng mga datos at ulat; at ang Barangay Nutrition Scholar (BNS) na mayroon lamang limitadong pahintulot sa pagpasok ng datos para sa kanilang itinalagang lugar.

PAGLIKHA NG ACCOUNT

Upang lumikha ng account, dapat pumunta ang gumagamit sa Home Page, piliin ang "Create Account," punan ang mga kinakailangang patlang tulad ng buong pangalan, username, email address, at password, pagkatapos i-click ang Create.

1. Mga Hakbang: Pumunta sa Home Page →

Create Account punan ang mga kinakailangang patlang: Buong pangalan, Username, Email Address, at Password I-click ang Create.

PAGPAPALIT NG PASSWORD

Ang pagpapalit ng password sa web ay ginagawa sa pamamagitan ng pagpunta sa Profile, pagbukas ng Account Settings, pagpili ng Update Password, pagpasok ng kasalukuyang password kasama ang bagong password at kumpirmasyon nito, at pag-save ng pagbabago. Sa mobile, i-tap ang Settings icon sa kanang ibaba, pagkatapos ay lalabas ang account settings. Magpatuloy sa Edit Profile at doon baguhin ang pangalan o password ng iyong account. Kinakailangan ng sistema na ang mga password ay may hindi bababa sa walong karakter, kabilang ang isang malalaking letra (uppercase), isang maliit na letra (lowercase), isang numero, at ang simbolong "@".

Mga Hakbang:

1. Admin: Profile → Account Setting → Update
2. Password → ilagay ang kasalukuyang password, bagong password, kumpirmahin → Save. User: Settings → Edit Profile → I-edit ang Buong Pangalan at Password.
3. Mga tuntunin sa password: hindi bababa sa 8 karakter, may pinakamababa isang uppercase, isang lowercase, isang numero, at ang simbolong @.

Paggamit ng Sistema

PAG-INPUT NG BAGONG DATA PARA SA PROFILING

Para makagawa ng bagong record, pumunta sa Weighing Records, buksan ang Guardian Information section, punan ang lahat ng text fields, i-click ang “Next” button, at magpatuloy sa Child Information form, pagkatapos ay i-add ang bagong bata. Lahat ng required fields na may asterisk (*) ay dapat punan bago i-click ang Submit. Pagkatapos magsumite, makikita ang nutrition status ng bata.

Iwasan ang paglagay ng maling characters; kapag may invalid characters, lalabas ang error message sa ilalim ng text field. Lahat ng required fields ay kailangang kumpleto.

Para i-edit ang existing record, buksan ang file sa Child Reweighing → Children List, i-click ang View, baguhin ang measurements, at i-click ang Update para mai-save.

Paglikha ng Bagong Record

1. Pumunta sa Data Entry → Guardian Information → (click “Next”) → Child Information.
2. Kumpletuhin ang mga fields na may *.
3. I-click ang Submit.
4. Lalabas ang Nutrition Status.

Tips & Warnings:

1. Gamitin ang Next button para magpatuloy at iwasan ang paggamit ng invalid characters.
2. Kapag nag-input ng invalid characters, lalabas ang text message sa ilalim ng text field.
3. Punan lahat ng required fields.

Mga Ulat

PAGBUO NG MGA ULAT

Upang makabuo ng ulat, kailangang pumunta ang gumagamit sa module ng Ulat, piliin ang uri ng ulat, piliin ang nais na format ng buod tulad ng ayon sa sona, petsa, buwan, o taon, at pagkatapos ay i-click ang PDF o I-print upang makabuo ng ulat. Ang pag-export o pag-print ay ginagawa sa pamamagitan ng mga magagamit na opsyon. Ang pag-click sa PDF ay magda-download ng file, na maaaring buksan ng user, habang ang pag-click sa Print ay bubuo ng ulat at magbubukas ng print dialog ng browser para sa pag-print.

Mga Hakbang:

- Pumunta sa Mga Ulat → Piliin ang Uri ng Ulat. Piliin ang Ulat ng Buod (zone, petsa, buwan, taon).
- I-click ang PDF o I-print para makabuo ng mga uri ng ulat.

PAG-E-EXPORT O PAG-I-PRINT

- Mga opsyon sa pag-e-export: PDF o Print.
- I-click ang PDF at buksan ang na-download na PDF file.
- Para sa pag-print, bumuo o i-click ang I-print at gamitin ang print dialog ng browser.

Mga Panuntunan sa Datos

ANONG DATA ANG ILALAGAY

Kailangang ilagay ng mga gumagamit ang tumpak na mga pangalan, petsa, at ID nang eksakto tulad ng nakalagay sa mga opisyal na dokumento at gamitin ang tamang mga patlang para sa mga address, numero ng telepono, at contact person.

Gabay:

- Ilagay ang tumpak na mga pangalan, petsa, at ID ayon sa nakasaad sa mga opisyal na dokumento.
- Gamitin ang mga itinalagang patlang para sa address, telepono, at mga taong makokontak

MGA PATNUBAY SA PAG-FORMAT

Lahat ng datos ay dapat sumunod sa mga kinakailangang patnubay sa pag-format, tulad ng paggamit ng format na YYYY-MM-DD para sa mga petsa, paggamit ng +63-9xx-xxx-xxxx o ang itinuturong lokal na format para sa mga numero ng telepono, at pagsulat ng mga pangalan bilang Unang Pangalan, Gitnang Inisyal, at Apelyido.

Halimbawa:

- Mga Petsa: YYYY-MM-DD (hal. 2025-12-01)
- Mga Numero ng Telepono: +63-9xx-xxx-xxxx (o lokal na format ayon sa tagubilin)
- Mga Pangalan: Unang Pangalan, Inisyal ng Gitnang Pangalan, Apelyido

PAG-IWAS SA KARANIWANG KAMALIAN

Upang maiwasan ang karaniwang kamalian, hindi dapat iwanang blanko ng mga gumagamit ang mga kinakailangang field, dapat iwasan ang pagpasok ng mga letra sa mga numeric field tulad ng mga contact number, zone, kaarawan, at edad, at dapat tiyakin na ang kinopyang at ipinastang impormasyon ay walang dagdag na espasyo. Ang hindi tamang datos ay maaaring humantong sa hindi tumpak na mga ulat, kaya't dapat laging suriing muli ng mga gumagamit ang mahahalagang patlang bago isumite.

Mga Tip:

- Huwag iwang blanko ang mga kinakailangang field.
- Huwag maglagay ng mga letra sa mga numeric field (contact no., zones, birthdate, age at iba pa).
- Kapag nagko-copy/paste, tiyaking walang dagdag na espasyo.
- Babala: Ang hindi tamang datos ay maaaring maging sanhi ng hindi tumpak na mga ulat. Suriing muli ang mahahalagang patlang.

Pag-aayos ng problema

MGA KARANIWANG PAGKAKAMALI AT SOLUSYON

Madaling malulutas ang mga karaniwang isyu sa pamamagitan ng pagsunod sa mga simpleng hakbang: kung hindi ka makapag-log in, suriin ang iyong username at password o i-reset ang iyong password kung kinakailangan; kung makaranas ka ng mga error sa pagpapatunay ng form, suriin ang mga naka-highlight na field at sundin ang mga mensahe; kung mabagal mag-load ang sistema, suriin ang iyong koneksyon sa internet o subukang i-clear ang cache ng iyong browser; at kung hindi magtagumpay ang pag-export, tiyaking pinapayagan ang mga pop-up at mayroon kang tamang pahintulot.

Gabay:

- Hindi makapag-login: I-check ang username/password, o i-reset ang password kung nakalimutan.
- Form validation errors: Tingnan ang naka-highlight na fields at sundin ang message.
- Mabagal ang system: I-check ang internet o i-clear ang browser cache.
- Export error: Siguraduhing naka-allow ang pop-ups at may permissions.

Kaligtasan at Seguridad

KALIGTASAN NG PASSWORD

Dapat panatilihin ang ligtas ng mga gumagamit ang kanilang mga account sa pamamagitan ng hindi kailanman pagsusulat ng mga password sa mga nakikitang lugar at sa pamamagitan ng paggamit ng malalakas, natatanging mga password na regular na binabago. Ang pangunahing pagkapribado ng datos ay dapat laging sundin sa pamamagitan ng pagprotekta sa personal na impormasyon at pag-iwas sa hindi awtorisadong pag-access sa anumang talaan sa sistema.

Mga Tip:

- Huwag kailanman isulat ang mga password sa mga lugar na nakikita.
- Gumamit ng malalakas at natatanging mga password. Magbago nang pana-panahon.

PANGUNAHING PAGKAPRIBADO NG DATOS

- Huwag kailanman isulat ang mga password sa mga lugar na nakikita.
- Gumamit ng malalakas at natatanging mga password. Magbago nang pana-panahon.

Pangunahing Pagpapanatili

Upang matiyak ang maayos na paggana ng sistema, dapat linisin ng mga gumagamit ang kanilang browser cache kung hindi inaasahang kumilos ang interface at panatilihin ang napapanahon ang kanilang browser. Para sa mga pag-update o pag-upgrade ng sistema, magtatakda ang admin ng mga panahon ng pagpapanatili at aabisuhan ang mga gumagamit nang maaga. Ang admin ay responsable rin sa lingguhang pag-backup ng database, buwanang pagsusuri ng audit log, at pag-update ng listahan ng user at mga pahintulot tuwing kinakailangan.

Mga Tip:

- I-clear ang cache ng browser kung hindi inaasahang gumagana ang UI.
- Panatilihin ang napapanahon ang browser.
- Para sa mga update/upgrade ng sistema: Mag-iskedyul ang admin ng mga maintenance window at ipapaalam ito sa mga user.

LISTAHAN NG GAWAIN NG ADMIN:

- Mag-backup ng database linggu-linggo
- Suriin ang mga audit log buwan-buwan
- I-update ang listahan ng mga user at mga pahintulot kung kinakailangan
